

# Transfer Factor Plus®

## CANINE COMPLETE™

"For decades, the approach to maintaining health was to wait for signs and symptoms of disease to occur and to counter the challenge with an array of drugs which were toxic for the disease causing agent. This approach is now being questioned as the armada of drugs is diminishing due to multiple drug-resistant pathogens. So the question arises... what if a new paradigm existed? Could it be possible to optimize immune status so that disease is much less likely to occur and if it does occur, its severity and duration are minimized? The answer is yes and this shift is being engineered by small naturally occurring protein-like molecules called transfer factors."

-Dr. Richard Bennett, Comparative Pathologist

## Powerful Immune Support

4Life's Transfer Factor Plus Canine Complete is a proprietary blend of immune support ingredients formulated with patented Transfer Factor E-XF. The power of this formulation lies in the synergy of correct ratios of minerals, trace minerals, vitamins, amino acids, probiotics, essential fatty acids and the unprecedented immune support of 4Life Transfer Factor Plus.

## What is 4Life Transfer Factor Plus Advanced Formula?

4Life Transfer Factor Plus Advanced Formula provides far-reaching immune support. It combines the synergistic power of 4Life Transfer Factor Advanced Formula with the proprietary blend Cordyvant to nourish, strengthen and activate the immune system. Cordyvant contains ingredients that support the innate immune system, your first and instinctive response when your body is threatened.

Developed exclusively by 4Life, using patented and patent-pending technology, the E-XF proprietary blend used in 4Life Transfer Factor Plus Advanced Formula calls upon the knowledge of two sources to provide an enhanced combined effect of transfer factors from both cow colostrum and chicken eggs. Research shows that the immune-building effects of this transfer factor blend are more potent than that of colostrum or egg sources alone.

## Recommended Use:

For situations where optimal immune function is desired to maintain and support overall health and wellness. In today's environment, companion animals face many challenges such as travel, exposure to various pathogens, stress of gestation and in the case of competitive dogs, the stresses of performance. Transfer Factor Plus Canine Complete is safe for all stages of life from the newborn to the geriatric dog.

## Safety:

This product is designed to assist immune system function and to complement diet and dietary supplements currently in use. It can be used safely with medications, including antibiotics.

## Packaging:

Contains 60 - 7.7 gram servings with a convenient scoop.

For more information please contact:

### Ordering Information

Item # 28521 - 60 - 7.7 g servings

Item # 28522 - 4 pack

### DIRECTIONS: Add to food daily.

Under 10 lbs. - 1/2 scoop

11-50 lbs. - 1 scoop

51-100 lbs. - 1 1/2 scoops

Over 100 lbs. - 2 scoops

Serving size may be doubled if dog's health is compromised.

## Supplement Facts

EACH 1 SCOOP SERVING  
CONTAINS THE FOLLOWING NUTRIENTS

|  |                 |
|--|-----------------|
| <b>4Life Transfer Factor Plus®</b>   | <b>750 mg</b>   |
| <b>Transfer Factor E-XF™</b>   |                 |
| A patented concentrate of transfer factors and other natural components from cow colostrum and egg yolk. |                 |
| <b>Cordyvant™ - Polysaccharide Complex</b>   |                 |
| IP-6 (Inositol hexaphosphate)  |                 |
| <i>Cordyceps sinensis</i> (whole herb)(contains 7% cordycepic acids)                                     |                 |
| Beta-Glucan (from baker's yeast)( <i>Saacharomyces cerevisiae</i> )                                      |                 |
| Beta-Glucan (from Oat)( <i>Avena sativa</i> )  |                 |
| Mannans (from <i>Aloe vera</i> )(leaf)   |                 |
| Maitake Mushroom extract ( <i>Grifola frondosa</i> )(whole plant)  |                 |
| Shiitake Mushroom ( <i>Lentinus edodes</i> )(whole plant)(5:1 extract)                                   |                 |
| Zinc (as monomethionine)   |                 |
| <b>VITAMINS</b>  |                 |
| Vitamin A  | 2012 IU         |
| Vitamin D  | 365 IU          |
| Vitamin E  | 51 IU           |
| Vitamin B2   | 1 mg            |
| Vitamin B6   | 500 mcg         |
| Vitamin B12  | 45 mcg          |
| Vitamin C  | 108 mg          |
| Vitamin K  | 350 mcg         |
| d-Biotin   | 500 mcg         |
| Folic acid   | 1000 mcg        |
| Niacin   | 6 mg            |
| Pantothenic Acid   | 5 mg            |
| Thiamin  | 2 mg            |
| <b>MINERALS</b>  |                 |
| Cobalt (as cobalt proteinate)  | 22 mcg          |
| Copper (as copper proteinate)  | 6 mg            |
| Iodine (as potassium iodide)   | 27 mcg          |
| Iron (as iron proteinate)  | 17 mg           |
| Magnesium (as magnesium oxide)   | 20 mg           |
| Manganese (as manganese proteinate)  | 17 mg           |
| Molybdenum (as amino acid chelate and sodium molybdate dihydrate)  | 500 mcg         |
| Selenium (as sodium selenite)  | 50 mcg          |
| Phosphorus (as monosodium phosphate)   | 222 mg          |
| Calcium (as calcium carbonate)   | 229 mg          |
| Zinc (as proteinate)   | 25 mg           |
| <b>TRACE MINERALS</b>  |                 |
| Montmorillonite  | 121 mg          |
| <b>AMINO ACIDS</b>   |                 |
| L-Lysine (monohydrochloride)   | 42mg            |
| d, l-methionine  | 55 mg           |
| L-Arginine   | 3 mg            |
| <b>PROBIOTICS</b>  |                 |
| Lactic acid bacteria   | 348 million CFU |
| Yeast ( <i>Saacharomyces cerevisiae</i> )  | 173 million CFU |
| <b>ESSENTIAL FATTY ACID SOURCES</b>  |                 |
| Sunflower oil (source of Omega 6,9 fatty acids)  | 500 mg          |
| Soybean oil (source of Omega 3,6,9 fatty acids)  | 600 mg          |
| Flaxseed oil (source of Omega 3,6,9 fatty acids)   | 165 mg          |
| <b>OTHER PROTECTIVE NUTRIENTS</b>  |                 |
| Super Oxide Dismutase  | 50 mg           |
| Methyl Sulfonyl Methane (MSM)  | 100 mg          |
| Choline bitartrate   | 122 mg          |

Other Ingredients: dried chicken liver, maltodextrin, and spice.
